

# JetBox 2530

The strategic partner of digital printing  
solutions for world-class intelligent industrial printing solutions

## Specifications

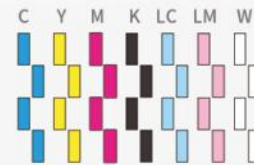

Belt transition table with vacuum suction power is underneath, adjustable as needed

Print head: FUJI Dimatix Starfire SG1024

7 colors

(C/Y/M/K/LC/LM/W)

Up to 28 heads

### Productivity counted upon head carriage speed of 63 inch per second

|        |                                        |
|--------|----------------------------------------|
| 2 pass | 3767 sq.ft/hr (350 m <sup>2</sup> /hr) |
| 3 pass | 2582 sq.ft/hr (240 m <sup>2</sup> /hr) |
| 4 pass | 1991 sq.ft/hr (185 m <sup>2</sup> /hr) |
| 6 pass | 1292 sq.ft/hr (120 m <sup>2</sup> /hr) |
| 8 pass | 969 sq.ft/hr (90 m <sup>2</sup> /hr)   |

### Media specifications

|                       |                                                         |
|-----------------------|---------------------------------------------------------|
| Maximum printing size | 8.2x10.83 ft (2500x3300 mm)                             |
| Minimum printing size | 1.3 x 1.97 ft (400x600 mm)                              |
| Maximum media weight  | 0.3 lb/sq.ft (1.5kg/ m <sup>2</sup> )                   |
| Thickness             | 0.078-1.968 in (2-50mm), automatic thickness inspection |
| Feeding system        | Automatic                                               |

### Inks

|                   |                                           |
|-------------------|-------------------------------------------|
| Inks              | Aqueous / UV LED ink                      |
| Ink supply system | Auto continuous supply with high-capacity |

### Software/RIP

|                             |                                      |
|-----------------------------|--------------------------------------|
| Image file format           | PostScript R3 such as EPS, TIFF, JPG |
| RIP                         | Caldera                              |
| Integrated PC configuration | i7/8G/1TB/DVD (Window 7)             |

### Dimensions

|           |                                                             |
|-----------|-------------------------------------------------------------|
| L x W x H | 19.3 L x 7.2 W x 6.2 H (ft) / 5900 L x 2200 W x 1900 H (mm) |
| Weight    | 10362 lb (4700 kg)                                          |

### Worksite requirements

|                      |                                                              |
|----------------------|--------------------------------------------------------------|
| Minimum space        | 23.9 L x 18.4 W x 8.9 H (ft) / 7300 L x 5600 W x 2700 H (mm) |
| Power supplies       | AC380±10%, 3 phases, 50/60Hz                                 |
| Maximum power output | 10.6 Kw                                                      |
| Temperature range    | 18 - 29 ° C (64.4-82.4°F)                                    |
| Humidity             | 40 - 80% RH (non-condensing)                                 |
